### PERMIT FOR DUST CONTROL

Check one: \_\_\_\_\_ 1 Application \_\_\_\_\_ 2 Applications

OWNER: \_\_\_\_\_ (Please print)

ADDRESS: \_\_\_\_\_

CITY, ZIP \_\_\_\_\_

Address of dust control to be applied if different then the above: \_\_\_\_\_

# of feet to be treated: \_\_\_\_\_

#### CONDITIONS OF PERMIT:

1. Road chemicals may be applied by the owner or an approved contractor for the owner. The only materials approved for use on the roads are calcium chloride, magnesium chloride, magnesium lignosulfonate liquid, and lignon sulfonate.
2. Signed permits must be received in our office by May 15<sup>th</sup> for application after June 1<sup>st</sup>. Any permits received after that day will be held until the second application. Any new permits for the second application must be in our office by July 15<sup>th</sup> for application after August 1<sup>st</sup>.
3. The County reserves the right to rework the treated area and maintain them as loose granular surfaces if the County Engineer or her designee feels they are a safety hazard to the traveling public.
4. The Contractor will be responsible for placing signs provided by Cerro Gordo County at the fence line (beginning and end) of the area to be treated. Failure to install the signs could result in the County blading through the treated area. The County will not be held liable for retreating the area if the signs are not in place.
5. All dust control will be bladed through the second week in October to prepare roads for winter.
